Great news.

The Department appreciates the MPO's concurrence with the Dept's request below and it is noted that the request will be processed ASAP.

Thanks for your quick response/turnaround.

Thanks,

Ken -

I understand that Jim is currently out of the office, however you are in.

I left voice mail concerning the attached info time sensitive Admin/Mod stimulus funding request from GDOT.

The Department is requesting the MPO to process this administrative modification as soon as possible, and to notify us by email when you/your staff has approved the changes.

Attached are the TIP sheets processed by the MPO last November using an admin mod to show split funding (named "old Version") with strikeouts to show what is changing.

I've also attached the revised sheets based on the funds the Department will use to obligate on the PI 321090.

FYI. We are using the balance of all C240 and C200 and supplementing with L240 and L200 (STP) fund sources instead of NHS (L050).

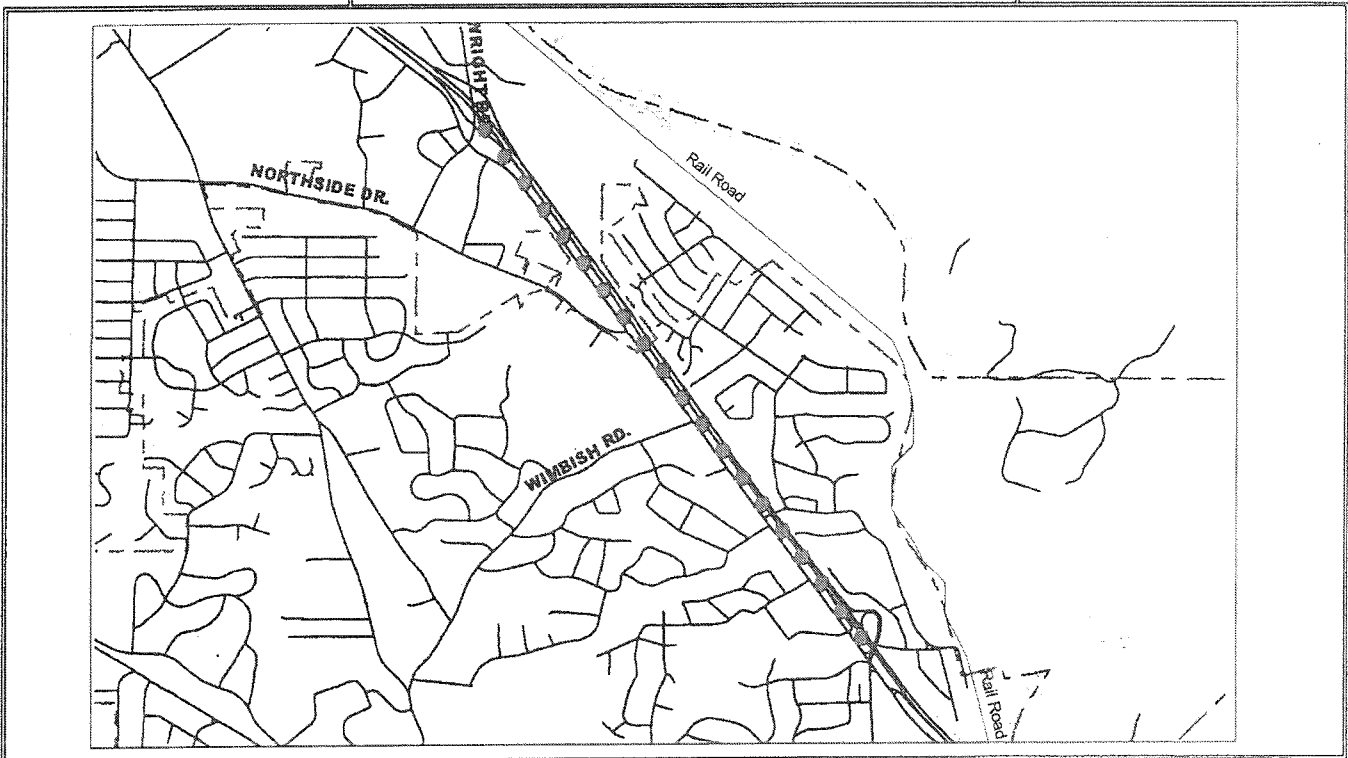

If you have questions, feel free to give me a call.

Again, due to the time sensitive stimulus funding request, the Department would appreciate hearing back via email that the MPO has processed the attached request today.

Thanks,
